Dear Ms. Burnham:

On May 20, 2019, the Nebraska Department of Environmental Quality (NDEQ) received the information you provided concerning County Road 11 – North Bend, Nebraska. According to the information provided, all structures at this location were destroyed during the March flooding events this year, therefore no wastewater is being generated on the property. Thank you for your cooperation. No further action is anticipated and the Department considers the matter closed. Should any structures be built or any campers be located on the property in the future, please be aware they will need to meet the requirements of Nebraska Titles 123 or 124 for proper management of any generated wastewater. Again, thank you for your cooperation.

If you have any questions, please feel free to contact me at 402/471-4285.

Sincerely,

Tricia Scott
Program Specialist, Onsite Wastewater Section
