Consultant: Nutrient Advisors

Dear Mr. Muller:

On March 23, 2020, representatives of the Nebraska Department of Environment and Energy (Department) received your request to withdraw the February 13, 2019 application for a Construction and Operating Permit. Per your request, the application will be withdrawn. Two copies of the submittal will be returned to you. One copy was retained for Department file purposes, and the remaining copies were previously forwarded to the Dodge County Board and the Lower Elkhorn Natural Resources District for their review.

If you choose to reapply for a Construction and Operating Permit, you are required to submit an original and five copies of a new Form B, Form C, all supplemental documentation, and a new application fee of \$200.

If you have any questions please contact Kevin Franzluebbbers at (402) 471-6687 or myself at (402) 471-4239.

Sincerely,

For:
