RE: NIRMA Dividend and Membership Recommitment

Dear Bob:

You might recall receiving a recent announcement regarding the NIRMA Board of Directors being pleased to announce that they had approved a \$1.5 million membership dividend, the second largest dividend in NIRMA's history and the 25th consecutive year such a dividend has been issued.

Of this \$1.5 million dividend, \$1,000,000 has already been sent out as a regular dividend to those eligible member counties who have participated in our program for at least five (5) policy years in accord with the dividend policy NIRMA has adopted. However, there remains \$500,000 yet to be distributed and that sum is designated as a recommitment dividend and will be distributed to those eligible member counties that act to now extend their membership in NIRMA. We make the request now because most members are in the final year of their current three-year membership agreement with NIRMA.

**It is important for you to know that the recommitment portion of the dividend offered is based on a premise that the eligible member county, on or before December 31, 2020, recommit for another three-year membership in NIRMA/II in order to receive this dividend.** This is consistent with the process extended by the NIRMA Board in 1996, 1999, 2002, 2005, 2008, 2011, 2014 and again in 2017 when all eligible members recommitted. Therefore, we ask that your county and the other member counties eligible to receive the recommitment portion of this dividend timely review and act upon this request.

I want to point out that this is a mutual commitment. In exchange for the county's recommitment, NIRMA is also committing itself to continuing to provide its coverages and services to Dodge County for this same time period. NIRMA's focus is county government and we are in this business for the long term as demonstrated by our more than three decades in business and the extended partnership with and ownership by our member counties since beginning operations and becoming Nebraska's first public entity risk management pool in 1988.

By your action to extend the county's membership with NIRMA, Dodge County will receive a recommitment dividend of **\$9,770** which will supplement the regular dividend of **\$19,541** previously distributed for a combined total of **\$29,311**. The recommitment dividend check will be mailed out once the recommitment resolution is received in our office. Dividend amounts will vary amongst members because the dividend is computed on a pro-rata basis using the individual equity balance of each county in comparison to the total equity held by all of the members of the pool. Counties have participated in NIRMA for varying lengths of time and have different loss histories so those equity and dividend amounts will understandably vary from county to county.

This dividend, when added to the previous dividends issued by NIRMA, will bring to **\$638,751** the cumulative dividends received by Dodge County since the NIRMA program began, and will increase to **\$23.5 million** the total dividends issued by NIRMA since 1994. We are able to do this because of NIRMA's success, the outstanding loyalty and hard work of our member counties, and the exceptional financial condition of both pools. As of June 30, 2020, NIRMA and NIRMA II had combined total assets of more than \$59 million, liabilities of \$20.3 million, leaving nearly **\$38.8 million** being designated as the Member Fund Balance and representing the equity ownership of our members.

Any decision to recommit and accept that portion of this dividend is a determination to be made solely by each respective member county board. We fully respect that process. Any such dividend actually accepted and paid will be deducted from that county's individual member equity balance. Please note, the member equity account of any county choosing not to recommit will be unaffected by this dividend and any amounts in that account will remain unchanged and available for that county if eligible when future dividends or distributions are made though, if not extended, be also aware your county's membership in NIRMA would be slated to conclude June 30, 2021.

NIRMA continues to provide the broadest coverages and services available designed to meet the ever-changing needs of our members, and at a stable cost, which is especially important with the ever-present financial challenges being faced by counties and other local governments. This is undoubtedly among the reasons NIRMA continues to grow, with 18 new members added in just the past five years, with the most recent, Furnas County, voting unanimously to join just last month. I believe there are a number of compelling reasons for Dodge County to extend its membership in NIRMA and hope your County Board feels the same way.

If so, at your earliest convenience, and certainly before the end of December, please place on your board agenda the item of NIRMA recommitment. A recommitment resolution is enclosed for those purposes. If the resolution is adopted by your County Board, please have a copy sent immediately to the NIRMA office. **Once again, this must be completed no later than December 31, 2020, in order to receive the recommitment portion of this dividend.**

On behalf of the NIRMA Board of Directors, we again ask Dodge County to consider extending its participation in your very successful member-owned and directed program. Should you have any questions, do not hesitate to contact me. Thank you!

Sincerely,

Craig L. Nelson  
Executive Director
