

MINUTES OF THE DODGE COUNTY SAFETY COMMITTEE

Agenda Item # 23b  
12/2/20  
COPY

November 18, 2020

A special meeting of the Dodge County Safety Committee was held today, the meeting began at 11:00am with the following members were present: Lon Strand, Micki Gilfry, Tim Walter, Steve Hespen, Tom Smith Emergency Manger, & Jean Andrews NIRMA contact person. Also in attendance was the Chairman of the Dodge County Board of Supervisors Bob Missel.

NEW BUSINESS:

Meeting was called to discuss the rising cases of COVID 19 in the Dodge County and Fremont areas. Today in Dodge County the numbers are at their highest ever. Right now, Dodge County is in the high level (orange) with us just being slightly below the severe level (red).

It's been reported that many cases are coming in from small gatherings. The county would like to put out to departments and their employees the importance of frequently washing hands, social distancing 6 ft. apart and wearing a mask.

Posters from Three Rivers Public Health Department will be distributed to each department to post and we will have a larger one posted by the front entrance of the courthouse stating the same as above. If the courthouse was to close some offices or go to by appointment only status they will lose the federal funding available so at this time everyone needs to remain open.

Micki is going to send out an email also to each department reminding them if they have an employee or a customer that reports they have tested positive for COVID they need to immediately contact Tim with the Facilities Dept. so that he can get someone in to clean and disinfect the area's this person has visited. It was also suggested that Micki or the actual department also notify the other departments inside the courthouse of the positive test so they can take appropriate precautions for their office. No names will be provided.

With no other business the meeting adjourned at 11:30 am until the next scheduled meeting date of December 30, 2020 at 11:00 am.

Respectfully Submitted
