DODGE COUNTY, NEBRASKA
FRED MYTLY, COUNTY CLERK

Dear Mr. Missel,

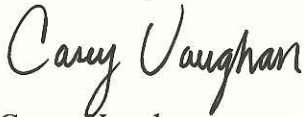

Keep Fremont Beautiful is pleased to announce that we have been selected to receive funding from the Nebraska Department of Environment and Energy through the Waste Reduction and Recycling Incentive Grant Program to host a Household Hazardous Waste (HHW) Collection Event. **The collection event will take place at Christensen Field on Saturday, October 9th from 8:30 a.m. to 12 p.m.**

Keep Fremont Beautiful is dedicated to improving everyone's waste handling practices and encouraging community members to take a greater responsibility for our local environment. We have hosted a HHW collection event on an annual basis since 2009; accepting hazardous waste from thousands of households within Dodge County throughout the years. Providing this free, proper disposal opportunity has helped create a cleaner and healthier local environment for all.

We would like to extend our gratitude for the financial assistance that Dodge County has provided throughout the years and ask that the County considers granting a cash match of \$2,000.00 for the 2021 HHW Collection Event.

We sincerely appreciate your consideration and look forward to hearing from you.

Respectfully Submitted,

Casey Vaughan
Executive Director
Keep Fremont Beautiful
